Programming languages and technologies currently learning include:

HTML | CSS | JavaScript | GitHub | Node.js

Three projects/homework assignments completed include:

1. Refactoring the webpage Horiseon to be more accessible. For this assignment, I organized the HTML and reworked the CSS files. Here is the link to this assignment: <https://mariaortega.github.io/HOMEWORK1MARIA/>
2. Building my own portfolio page. For this assignment, I created an HTML and CSS file and practiced using CSS variables. Here is the link to this assignment: <https://mariaortega.github.io/PORTFOLIOMARIAHW2/>

3. Creating a web application. For this assignment, I practiced using APIs and frameworks. Here is the link to this assignment:
